

MAHESHWARAN S

MERN Stack Developer

+91 85248 58324 [Gmail](#) [linkedin](#) [github](#) Chennai, Tamil Nadu

PROFESSIONAL SUMMARY

Motivated Software Developer with hands-on experience building full-stack web applications using MongoDB, Express.js, React.js, and Node.js (MERN Stack). Skilled in developing responsive user interfaces, RESTful APIs, database management, and implementing CRUD operations. Proficient in JavaScript (ES6+), MySQL, Git, GitHub, and modern web development best practices. Passionate about creating scalable, maintainable web applications and continuously expanding technical expertise through real-world projects.

PROJECTS

Employee Management System

React.js | Node.js | Express.js | MySQL

- Developed a full-stack employee management application with complete CRUD functionality.
- Integrated React.js frontend with RESTful Express.js backend APIs for seamless data flow.
- Managed employee records using MySQL relational database with optimised queries.
- Tested and validated all API endpoints using Postman ensuring reliability and correctness.

Complaint Management System

React.js | Node.js | Express.js | MongoDB

- Built a complaint registration and lifecycle tracking system with status update workflows.
- Designed normalised relational database schema and RESTful API endpoints for core operations.
- Developed responsive user interfaces using React.js improving user experience across devices.
- Connected frontend and backend seamlessly via REST APIs with proper error handling.

Cyber Incident & Artifact Integrity Forensic Readiness System

Web | Role-Based Access | SHA-256

- Developed a web-based cybersecurity incident management and forensic readiness platform.
- Implemented role-based access control (RBAC) supporting multiple user roles and permissions.
- Integrated SHA-256 hashing for digital artifact integrity verification and audit trails.
- Built dashboards for incident tracking, evidence management, and forensic readiness monitoring.
- Deployed the application using the Antigravity platform with customised workflows.

TECHNICAL SKILLS

Frontend Technologies:

React.js, JavaScript (ES6+), HTML5, CSS3

Backend Technologies:

Node.js, Express.js, REST API Development, Authentication & Authorization

Database:

MongoDB, MySQL

CSS Frameworks & Styling:

Tailwind CSS, Bootstrap, Flexbox, CSS Grid, Media Queries

Version Control & Tools:

Git, GitHub, VS Code, Postman

PROFESSIONAL TRAINING

MERN Stack Development Training — Besant Technologies, Velachery, Chennai

- Mastering MongoDB, Express.js, React.js, and Node.js for full-stack web development.
- Building and deploying full-stack applications with frontend-backend integration.
- Working with REST APIs, database management, and modern JavaScript (ES6+) practices.

EDUCATION

B.E. Computer Science and Engineering —DHANALAKSHMI SRINIVASAN ENGINEERING COLLEGE

2022 – 2026

CGPA: 7.5

CERTIFICATIONS

- IBM Full-Stack JavaScript Developer Professional Certificate (In Progress)
- MERN Stack Development Training – Besant Technologies
- PL-300: Microsoft Power BI Data Analyst
- AI Revolution in Cyber Security
- Data Science Foundations
- UiPath Automation Implementation Methodology Fundamentals
